Soccer Shots is a leader in non-competitive youth soccer development for children of all ages. We offer programs for 2 year olds, 3-5 year olds, and 6-8 year olds.

Our nationally recognized youth skills program offers a high energy, fun, age-appropriate introduction to the wonderful game of soccer. Our innovative curriculum extends beyond physical activity to use creative, simple play activities that incorporate values like teamwork, encouragement, and cooperation. The enhancement of a child's coordination, balance, and agility is often seen immediately, but it is the building blocks created for a life long love of sports that have the strongest impact.

In each 30-40 minthue class, our experienced, energetic, and enthusiastic instructors focus on having fun while guiding children through imaginative games that teach basic soccer skills.

Research shows that children who are exposed to the joy of an active lifestyle at an early age are far more likely to develop healthy habits that they will carry with them as adults. Physical activity and fun are guaranteed in this exciting program. It's more than soccer!

# The Benefits

Children benefit with increased psychomotor development through fun fitness activities. They are exposed to group concepts and lessons in honesty, sharing, respect, and self-control. Soccer Shots encourages the development of active and healthy lifestyle habits.

Parents benefit from the excitement of introducing their children to soccer in preparation for team sports. Soccer Shots places a strong emphasis on character development, teamwork, self-confidence, and fun! With the exception of our park programs, Soccer Shots sessions are held on-site at the school for the benefit of busy parents. We provide all of the necessary equipment so no gear is needed! Soccer Shots is fully insured.
