Dear Parents/Guardians:

RE: WALKING FIELD TRIPS

Some of our instructional objectives for pupils can best be accomplished outside of the school. Field studies and excursions into the community offer children first hand experiences which are difficult to provide in the classroom setting or on the school grounds.

Apart from longer field studies, which require transportation and for which the school notifies parents and requests consent, teachers may periodically take pupils on walking field studies in the neighbourhood. We will ensure that there is adequate supervision and practice appropriate safety rules.

To expedite paper work, we would like to receive this signed permission form in advance.

Please complete this form and return it to the school by Monday, September 13, 2010.

Thank you.
