Thank You

Dear Parents,

Thank you so much for sharing your child/children with us this year. I have truly enjoyed getting to know each child.

Also, thank you for your patience as I was out until January. For those of you that do not know, on August 1st, I suffered a stroke while I was 36 weeks pregnant. I had planned on being at school to meet you at Open House and was set to be induced on August 9th (the first day of school), however, the stroke changed things. I spent three days in ICU where they finally decided to do an emergency C-section to get my daughter out safely in the event that something went wrong with me. It was a very scary time! We do not know if the stroke was caused by my blood clotting syndrome or the blood thinners they had me on during the pregnancy. I am just thankful to be here today...from what I've heard, neither my daughter nor I should be here today. I was expected to return in late October, when they decided to do some major Surgery which took place the day before Thanksgiving...I spent Thanksgiving at the hospital...yuck! If you'd like to learn a little more about my story, you can go to YouTube and search for Krista Mullins story. You'll see a video of my story done by Stevens Creek Church.

I hope you have a wonderful summer!!

Mrs. Mullins
