

Queen of Martyrs Family and School Association Newsletter

November 2011

What is the Family and School Association (FSA)?

The Family and School Association (FSA) is a volunteer parent organization. The goal of FSA is to enrich the Queen of Martyrs experience for everyone and lend support to the educational process by promoting activities that foster a partnership between the teachers, students and parents. We do this by sponsoring and helping to coordinate several fun events throughout the year, which are paid for by our fundraising efforts.

Of course, we cannot do this without your help. We rely greatly on parent volunteers to make each year a successful one. As parents, you have the ability to impact your child's education in a positive way. Please consider lending a few hours of your time. By working together, we can ensure that your child's experience at Queen of Martyrs is the best it can be.
