A play that uses all 7 of your tiles scores a 50- point bonus and is popularly referred to as a “bingo.” Bingos are the key to high scores, and they can be much easier to find than you may think.

Since unscrambling 7 letters to make a word can be a challenging task, experienced players use tricks to search for 7-letter words by unscrambling just 4, 5 or 6 of their letters. Chief among these tricks is to **look for common word endings and prefixes on your rack.**

For instance, if you have an **I**, an **N** and a **G**, you can move them to the end of your rack to make the **-ING** suffix, and look at the remaining 4 letters to see if you can make a 4-letter verb. Some other common endings to look for are **-S, -ES, -ED, -ER, -LY, -ING, -ERS, -IER, -EST** and **-IES**. Some common prefixes are **RE-, UN-, DE-** and **OUT-**.
