

City of the Month Choice Sheet

October 15, 2007

Dear Parents,

3B is beginning our *City of the Month* project this month. We are choosing our cities now this week. Your child's first job is to list his/her top 3 choices for a city. Your child has already chosen a continent. The chosen cities must be on this continent. Your child should choose cities from different countries (i.e. his 3 choices shouldn't all be cities in Mexico). I will assign your child a city (hopefully his/her 1st choice but this won't be possible in all cases) on Friday, October 19th.

Your child is assigned a month in which his/her *City of the Month* project is due. Your child may bring in his/her project **any time** during that month. The page that lists *Star of the Week*, *Estimate Jar*, and *City of the Month* in your child's homework folder lets you know your child's assigned month. I will send home more information on Thursday. Some children are assigned the month of October. It's fine if they don't bring it in until early November since we're just starting this, but they should begin working on it in October.

Please help your child look at a map, atlas, on the web, etc. to choose some cities. Please check spelling!! The list is due by Thursday.

Sincerely,
Jayne Byrne

DUE THURSDAY October 18th

Name: _____

Continent: _____

1st choice: City _____ in the Country of _____

2nd choice: City _____ in the Country of _____

3rd choice: City _____ in the Country of _____
