Startup packets go out 7/7/08. We need to have them completed by then and ready to be sent home with the kids. There is \$1200. in the budget to fund them.

Treasurer: there is about \$10k left, and we need to carry over about \$5000 for the following year. The budget needs to be reviewed to ensure each area is allocated right.

President Report: Field trip funds are still available to cover the expenses for kids that can't pay.

Principal Report: There is an effort in place to help kids get ready to be promoted to the next grade. Three of the four tracks will only have a week off between grades. We are still hiring staff to cover the increase in student enrollment.
