Student Groups

Overview | Creating a New Student Group

Overview

PATH: *Instruction > Student Groups*

Student groups provide a way to sort students in a certain course section to allow for the creation of different assignments for those students.

Teachers can create student groups from their active course sections. Student groups are created via the Student Group Editor in the teacher’s lesson plan.

Once a student group is created, teachers can assign students to the appropriate group and create assignments for each student group.

The screenshot shows the 'Student Groups Editor' interface. At the top, there is a 'New' button. Below it is a summary table with columns for 'Name', 'Active', and 'Active Members'. The summary table lists three groups: Blue Group (Active: X, Members: 12), Green Group (Active: X, Members: 5), and Red Group (Active: , Members: 4). Below the summary table is a detailed table with columns for 'Student' and 'Active Membership(s)'. The detailed table lists seven students with their IDs and the groups they are currently a member of.

- ✓ As of the **E.1118 Release Pack**, students added to a course section with an entered start date will appear in green font, according to the **Days to Flag Roster Additions** System Preference.

Creating a New Student Group

1. Select the **New** icon from the action bar.

Result

The Student Group Detail screen appears.

2. Enter a **Name** for the student group.
3. Assign students to the group by dragging the student from the **Roster** column to the **Student Group Members** column.

- ℹ By default, the student group is active upon saving. To deactivate a group, clear the **Active** check box.

4. Select the **Save** icon. The Student Group name will be listed in the Student Group Editor.

Once groups are created, the list of students displays with their active memberships.

When creating assignments, a Student Group becomes available to assign the assignment to a particular group.

If an assignment is created and assigned a group, students who are not members of the group will automatically be marked as exempt for the assignment in Grade Book.
