Dear Parent:

We would like to introduce you to the Kindergarten Enrichment Center program, which is in the Yorktown School District, as a self-sustaining program. For over twenty years, the Center has provided an enrichment program for children needing care and/or socialization before or after their regular kindergarten class. The Centers, serving both French Hill and Mohansic schools are staffed with skilled, creative and caring Directors who plan activities and generate enthusiasm as they “care for” and “nurture” your child.

The Morning Kindergarten Enrichment program (8:45AM – 12:25PM) serves afternoon kindergarten students. The program includes time for your child to eat lunch before he/she is taken to Kindergarten. Children coming to the AM Enrichment Center ride the regular morning school buses picking up students in their neighborhood.

PM Kindergarten Enrichment program (11:25AM – 3:15PM): Children attending morning kindergarten come to the Enrichment Center after their dismissal from their kindergarten class. They eat lunch in the cafeteria and remain at the Center until school dismissal.

Students who attend either session may, at dismissal, use the regular school buses to return home or stay for the Enrichment Center’s After School program, which provides extended care until 6:00PM, when parents are responsible for pickup. Parents must register for either or both programs.

All of the Center programs include music, computer, science, nature, outdoor play, games, reading readiness and arts and crafts. Activities revolve around planned themes and curriculum. Topics introduced include families, the world, dinosaurs, weather, holidays, hibernation and the seasons. Opportunities for learning through socialization and discovery are provided daily. There is time for free play and a portion of the kindergarten Enrichment day is devoted to more structured small group activities at 3 or 4 learning centers in the classroom.

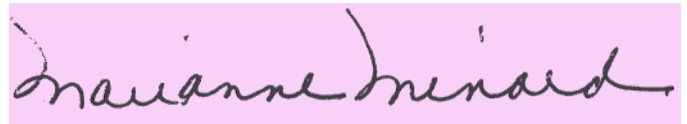

There will be a representative from the Enrichment Center available when you come in the spring to have your kindergartner screened for school. We will have registration forms for fall enrollment and will be happy to answer any questions you may have.

If you are interested in having your child attend the Center, you must enroll during the week of screening. Your child will be able to attend a Center program as long as space is available. Our capacity is 22 children per day. **If demand exceeds our capacity, a lottery will be held in June for only those families who registered during kindergarten registration/screening week. *Please understand that the date of your screening appointment will not influence your child's eligibility for acceptance.***

We require a non-refundable application fee of \$25.00 to be included with your completed application form. Tuition is based on a 182 day school year (allowing for 3 snow days), divided into ten (10) equal monthly installments.

If you would like additional information about the Enrichment Center please don't hesitate to call our office. We would appreciate that you not call French Hill School or Mohansic School.

When you come to school, please take the time to visit us.
