Hive Happenings

Reading: Daily 5/CAFE

This week we will be introducing reading strategies like back up & reread, fluency, monitor & fix up, and good fit books. We will also be building our stamina as we read and write independently. Mac the Cat will be our story of the week.

Writing: Interactive Writing

This week we will do interactive writing in order to help teach the concept of inventive spelling, writing the sounds you hear, spaces between words, capitals and periods. Correct spelling is not a concern yet – we want the kids to just love to write and not to be afraid to write.

Math: Assessments

This week we will work on the order of numbers, ordinal numbers, fewer and more.

Science: Living/Nonliving/Mammal

We will be studying living/Non-living things this week. We will also study mammals and habitats (specifically woodlands). We will do a whale experiment on Friday and have a review assessment.
