

12th Grade English Policies

- Grading is on a 60-100 scale
- Any work earning less than a 60% is an incomplete and must be redone.
- Any incomplete at the end of a grading period will result in a failing grade for the term.
- In general, no penalty will be assessed for late work, and most assignments will be eligible for revision and/or correction without penalty.
- Extended time and re-testing are conditional. If a student is abusing the system, then I will differentiate and create a different system for that student.
