

The Adventure of the Fish

One day Julia and Bobby were playing basketball for fun with a ball of clay. Julia just got a new pair of stylish sunglasses from her favorite store. She decides to wear them when she was playing. While Bobby was playing he jumped super high trying to shoot, but accidentally threw it in the fish tank. While Julia and Bobby were trying to figure out how to the play-dough out of the tank, the dog when not looking got into fish Frank's food, fun-dip. Then Bobby and Julia pulled the clay out with a loose string and saved the fish from hitting the clay. Then since they ran out of fish Frank's food they traveled to Canada to get it. THE END
