

The FORK

Under the sea was a fierce soccer battle between the Mighty Ducks and the Star Starfishes. The Ducks were up by two due to their awesome offense, but the starfish were close behind because of their great defense. While up above a mean person took their mighty fork and threw it into their soccer game. The fork landed of the two all-star players, Alberta and Bob Jr. The referee ordered three pencils from the crowd to lift it off of them. They were not strong enough, so both teams worked together to lift the fork off and throw it to the side. Then after the game they turned the fork into a seesaw for the children. To celebrate the players' safety they also had a picnic.
