

Announcing...

“The Borchardt Book Dedication Club”

Dear Parents,

The Borchardt Library Media Center is beginning a “**Book Dedication Club.**” The purpose of the BBDC is to allow parents and students to support the Library Media Center through the experience of a **dedicating a book** to a person who is significant in their lives. Each dedication will celebrate a special event or recognition in the life of the students and/or those people who are special to them. At the same time the student will help share the joy of reading with others because the fee for the dedication will be used to purchase additional books for the Library Media Center.

Through a **pre-paid \$10.00 contribution**, the parent or student may designate that a book be dedicated based on celebrating a **birthday, honoring a child for a special achievement, in honor of a family member/teacher/friend/staff member, or memorial remembrance.**

The child, who may be accompanied by a parent, may choose from **any existing book on the library shelves** that has not already been used for a dedication. A personalized **bookplate** will be placed in the book dedicating it in honor or memory of the special person. An **announcement** of the dedication will be made at **Good Morning Borchardt** so that all of the Borchardt family can share in celebrating the honor.

To do a book dedication, complete the required **form**. Bring the form **and** your cash or check **donation to the Library**. Once payment is made, the student may choose from the selection of books that are on the library shelves.

“Readers are Learners, and Learners are Leaders”
