

Problem Solver

An organization sells T-shirts to raise money. Adult T-shirts sell for \$18.00 each and child T-shirts sell for \$12.00 each. For every child T-shirt sold, 5 adult T-shirts are sold. If 20 child T-shirts were sold, how many dollars were raised altogether?

Type	# Sold	Price	Total
Child	20	\$ 12	\$ 240
Adult	100	\$ 18	\$ 1,800
Total			\$ 2,040
