

Fire Department Visits SFdS PreK Students

To conclude the unit on fire safety, on September 30th, St. Francis de Sales pre-kindergarten students were treated to a visit from fire fighters of Houston Fire Station 51. The fire fighters encouraged each family to create a fire escape plan and explained stop, drop, and roll technique if caught in a fire. One of the men dressed in his fire fighting suit to help the students over any fears. At the end of the presentation, the faculty and students toured the fire truck to learn about the equipment, and everyone thought the best part of the day was climbing into the cab to examine the interior, which few had ever seen.
